## 1. Introduction

---

### PURPOSE OF THE DETAILED SPECIFICATION DOCUMENT

This document provides a comprehensive and detailed architectural overview of the system design in order to give the development team guidance on architecture of the system to be developed. Its intended audience is the Business Sponsors, Project manager, project team and development team. Some portions of this document such as the user interface (UI) may on occasion be shared with the client/user, and other stakeholder whose input/approval into the UI is needed.

### PROJECT OVERVIEW

#### Project title

CAD Consilio – Responsive Corporate Website with CMS

#### Terminology

- MAWAQAA – National Web Solutions Company
- UI/GUI – User Interface/Graphical User Interface. Portion of the product where the user sees and interacts with.
- UX – User Experience
- QA – Quality Assurance. A planned and systematic process necessary to provide adequate confidence that the product optimally fulfils customer expectations
- Admin – Administrator/Administrator Section
- Project Owner – Mawaqaa Client or an authorized representative
- Development Change – Not Covered under Current Scope

---

## 2. Scope Of Work

---

Many university students were struggling to have Auto CAD drawings in a professional way! So the need comes to have a website that offer drawing services for public audience which can submit a request through the website and pay online for these drawings. The proposed website would have most up-to-date features of web technologies, usability, creativity, user experience, and the latest trend in the market.

---

## 4. Website Structure In Detail

---

### 4.1 FRONT END

#### 1. Home

Home page will be the landing page for the CAD Consilio website. By default, the landing page will be in English version. Basically the site will be developed as one page layout, but in some pages such as courses, register/login etc., will have separate pages. There will be two forms in the home page, one for drawing request and another for contact us.

## 1.1 Header

The header contains logo on left corner, main menu, search area, social media icon and the language switcher on the right corner.

### 1.1.2 Logo

The CAD Consilio Logo will be on the left corner. The logo will be linked with the home page of the website English/Arabic.

### 1.1.3 Language Switcher (English/ Arabic)

The user can view the website in two different languages by using Language switcher.

### 1.1.4 Login

The registered user can access their requests status, projects download and their profile information. The user can enter into his/her account using one of the following way.

- Using Normal CAD Consilio login
- Using Facebook
- Using Twitter

➤ Using Google+

The new users can create their account by filling the register form or they can register using social media profiles.

The screenshot shows the CAD Consilio website's login and registration interface. At the top, there is a yellow navigation bar with the CAD Consilio logo on the left and links for 'Login', 'Register', and 'عربي' on the right. Below the navigation bar is a white header with a grid of links: 'Home', 'About Us', 'How it works', 'Sample Drawing', 'Drawing Request', 'Contact Us', and 'Courses'. The main content area features a large banner image of a hand typing on a keyboard with the word 'LOGIN' in white text. Below the banner, there are two buttons: 'LOGIN' with a yellow arrow icon and 'REGISTER' with a clipboard icon. The 'LOGIN' section includes a 'Username' input field, a 'Password' input field, a 'Remember Me' checkbox, and a 'Forgot Password' link. A large yellow 'LOGIN' button is positioned below these fields. At the bottom of the login section, there are three social media login buttons: 'Login With Facebook', 'Login With Twitter', and 'Login With Google+'. A link 'Don't have an account ? Register Now' is located below the social media buttons. The footer contains the copyright notice '© 2017 CAD Consilio . All rights reserved.' and the text 'Powered By' followed by a small logo.

From this page ,the user can recover his/her forgot password.

### 1.1.3.1 Profile

The profile page will be as like below.

The screenshot shows the CAD Consilio user profile page. At the top, there is a yellow navigation bar with links for Login, Register, and عربي. Below this is a white header with the CAD Consilio logo and a navigation menu: Home, About Us, How it works, Sample Drawing, Drawing Request, Contact Us, and Courses. The main content area features a large banner with a user profile picture and the text "WELCOME DUMMY NAME, POSITION". Below the banner is a tabbed interface with four tabs: MY ACCOUNT (selected), REQUEST STATUS, DOWNLOADS, and FORGOT PASSWORD. The MY ACCOUNT tab is active, displaying a welcome message and a link to EDIT ACCOUNT. The account information is presented in a table with two columns.

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.
